Poštovane kolegice i kolege,

Zadovoljstvo nam je da Vas pozovemo da prisustvujete **Drugom kongresu herniologa Srbije** sa međunarodnim učešćem, koji će se održati u **Niškoj Banji od 13 do 15. maja 2010. godine.**

Svesni da nas samo **kontinuirana edukacija** uz usvajanje modernih principa i tehnika može voditi **zajedničkom cilju - dobrobiti pacijenata**, pozvali smo najeminentnije stručnjake iz zemlje i inostranstva da kroz **predavanja, demonstracione operacije** i različite prateće sadržaje prikažu **aktuelne trendove i savremene stavove iz oblasti herniologije** koje smo odabrali za teme kongresa.

Pozivamo Vas na druženje u prijatnom ambijentu Niške Banje, sa željom da svojim učešćem doprinesete uspehu Drugog kongresa herniologa Srbije.

Dobrodošli.

Prof. dr Marinko Žuvela
Predsednik
Udruženja herniologa Srbije

Dr Veroljub Pejčić
Predsednik
Drugog kongresa herniologa Srbije

Honorable colleagues, dear friends,

It is our great pleasure to invite you to participate at the **Second Congress of Herniology in Serbia** that will take place in **Niska Banja** from **13th to 15th May 2010.**

Second Congress of Herniology in Serbia represents a scientific event of clear importance for continuous education for national surgical and overall medical community alike. This topic-orientated meeting would, in the three Congress days, give us an opportunity to hear and take part in attractive, up-to-date scientific topics and controversies brought to us in a wide variety of attractive presentation modalities.

Active participation of eminent specialists from abroad and Serbia through Round table discussions is of crucial importance, enabling ourselves to redefine approaches and set up guidelines to a number of controversies in our daily practice, plan our further scientific gatherings and, as a result, bring us a step closer to international herniology theory and practice.

Last but not least, three dynamic Congress days in Niska Banja are going to provide us with the opportunity to work, exchange ideas and knowledge, plan various, though attractive, futures and preserve nice memories of moments spent together.

Welcome

Prof. dr Marinko Žuvela
President
Serbian Hernia Society

Dr Veroljub Pejčić
President
